1. Grow & Encourage Others to Grow

Maintain continual personal, and professional growth. Establish an environment that encourages others to reach for their maximum potential in all they do, regardless of raw talent levels. Let no one get lost in the shadows of others being favored. Everyone can learn and grow!

2. Inspire with Integrity

Through a lifestyle of integrity, inspire others towards wholeness.

3. Create

Imagination and innovation should be driving forces to create cutting edge, ground breaking artistic works. Push the limits beyond what is expected or normal. Create something extraordinary.

4. Excel

Always bring forth your best maximum effort with a positive attitude.
